ANNUAL COUNCIL OF P. E. CHURCH

Opposes Change of Name and Asks That Matter Be Dropped.

THE BISHOP'S ADDRESS

Interesting and Historic Talk In Which it is Stated that "Holy Catholic" is Fundamental.

Charlottesville, Va., Wednesday Morning, May 21.—The 118th session of the Diocesan Council of the Protestant Episcopal Church in Virginia opened at 10 o'clock with the celebration of the holy communion by Bishop Gibson, assisted by Rev. H. B. Lee, D. D., rector of Christ Church, the Rev. E. L. Goodwin, D. D., secretary of the Council, and the Rev. Everard Meade, D. D., assistant secretary.

The Bishop's address at the opening service was a masterly defense of the present name of the Church. He presented the matter historically, and while he showed that name of 'Holy Catholic' in the creed was a fundamental statement constantly asserted there, the name of 'Protestant' was just as fundamental in asserting a historical stand which was taken at the Reformation and from which she has never swerved. He suggested the following resolutions as a basis for action at this Council:

1.—That the resolutions which are recommended by the committee on change of name, and to be passed by the Council, should embody the historic reasons for holding in high estimation the deeds of Protestantism and the word 'Protestant.'

2.—The second resolution should express the gratitude of the Church in Virginia and in the other ancient colonies to a word which enabled us to explain ourselves to a people hostile and suspicious.

The third resolution should insist, that if the church withdraws from its Protestant attitude, the result will surely be a rift in the whole, and unquestionably in Virginia and in others of the old states; but this, we should say, not as a threat, not as a declaration of a purpose entertained by us, but as a prophecy, which we are warranted in making by intimate acquaintance with the conditions around us.

The fourth resolution should be an appeal to the whole church, in the name of the God of Love, and of the Prince of Peace, for the sake of peace, unity, missions, and progress, to drop the whole agitation, as certainly harmful, if not entirely useless, and bend its energies to the task of helping our people, and the suppliant world to know God is Christ, by the person and power of the Holy Spirit.

The Council organized for business at 12 o'clock, with Bishop Gibson in the chair. The roll call of the clergy was called by the secretary and 50 were found present. The lay delegates present were 45. The Rev. E. L. Goodwin, D. D., was re-elected secretary for another year.

The following commitees were appointed for this Council:

State of the Church—Revs. Paca Kennedy, Geo. P. Mayo, and W. H. Burkhardt, Messrs. Gardner L. Boothe, James Caskie, and Aldrich Dudley.

Clergy Relief—Revs. W. E. Callender, R. C. Cowling, and Joseph Baker, Messrs. A. P. Wilmer, George J.Trudley, and D. B. Gantt.

Invested Funds.—Messrs. B. W. H. Hilleary, S. H. Stoneman, Harry Chase, James Apperson and W. E. Sale.

Missions—Revs. W. R. Mason, David H. Lewis and John L. Jackson. Messrs. John F. Mayer, Samuel McCormick, and Dr. W. P. Moncure.

Clerical Support — Messrs. John Greavis, Charles H. Lewis, H. L. Lyman, William J. Man, M. B. Costello, S. D. Tripp, E. C. Taliaferro, Thomas C. Ruffin, John N. Raines, and A. C. Turner.

New Parishes—Revs. D. C. Mayers, and A. S. Gibson. Messrs. A. W. Wallace and Thomas Poindexter.

Parochial Reports.—Revs. E. L. Goodwin, D. D., and Rev. Wm. J. Mortin. Messrs. A. T. Cary and Geo. T. King.

Increase of the Ministry—Revs. W. C. Bell and John London. Messrs. W. C. Marshall and Robert Beverley.

Unfinished Business.—Revs. S. R. Tyler and J. F. Burks Messrs. B. Morgan Sheppard and J.Morgan Scott.

The Rev. Wm. J. Mortin offered a resolution expressing strong approval of the Bishop's opening address on the change of name and in opposition to this, and also stated that the resolutions suggested by the Bishop should control the action of the Council in its recommendations to the coming general convention. The whole matter, however, was referred on motion of Dr. Crawford to the committee on change of name, which is to report at this Council.

The Bishop then delivered his annual address to the Council, which is summarized as follows:

Visitations, 118; services, 171; celebrations of Holy Communions, 23; funerals, 3; baptisms, 6; marmarriages, 3; confirmations, 748; of which 13 were colored; Postulants for Holy Orders, 6; deacons ordained, 2; priests ordained, 2; clergy received from other dioceses, 9; clergy removed to other dioceses, 11;churches consecrated, 3.

The following clergy belonging to the diocese, died last year: The Revs. James E. Poindexter, Professor R. W. Micon, D. D., F. A. Meade, John S. Gibson, D. D., and John Moncure, D. D., archdeacon of the colored work in the diocese. The Bishop referred in affecting and pitying words to the life and noble work of these men in this and other dioceses where they labored so earnestly and truly for Christ and His Church. It is worthy of remark that three of these deceased clergy served gallantly in Confederate army during the civil war and the other two would certainly have been in the field if they had been old enough.

The Council then took a recess for luncheon which was beautifully served by the ladies of Christ Church. It convened in the afternoon at three o'clock for the second business session of the day. The annual meeting of the Diocesan Missionary took place last night with Bishop Gibson in the chair. The annual report was made by the secretary, the Rev. E. L. Goodwin, D. D. This was followed by other clergy on the mission fields of the diocese.

Meetings in the interest of Sunday School work were held Tuesday night, yesterday morning at nine and at two in the afternoon. These were all open to the public. Excellent addresses were given by the Rev. Wm. E. Gardner, general secretary of the Board of Religious Education of the Protestant Episcopal Church, and Rev. S. U. Mitman, Ph. D., field secretary of the third missionary department. Much interest was expressed in these meetings, and they will mark an approved development in the organized Sunday School work of the diocese.

Preacher Resigns.

New York, May 22.—Mrs. Henry A. Beal, wife of the clergyman who resigned the pastorate of the First Baptist Church in Washington, N. J., without a public explanation, two weeks ago, announced at the pastorate that she had retained attorneys to ask for a legal separation. This was the first information the congregation had of the possible cause of the pastor's sudden retirement. He moved to Philadelphia the day after he resigned.

"I introduced my husband to the daughter of a clergyman living near Philadelphia a year and a half ago," said Mrs. Buell tonight, "and since then she and my husband had become very friendly. I accused her and Mr. Buell of undue friendliness and surprised them kissing in a hallway. Beside what I saw upon frequent occasions. I have letters from her to him and from him to her couched in the tenderest terms. One letter to her is addressed "My Own Precious Baby Girl."

Mr. Buell is 42 years old.

Meeting of Eagles.

A special meeting of Alva Aerie, Fraternal Order of Eagles, will be held at the Fleischmann Hotel at 8 o'clock tonight to take action in respect to the memory of the late C. R. Davis, a former member of the Order. All members are requested to attend.

PRODUCTION OF COAL IN COUNTRY

Census Office Says Operators are Closely Allied With Railroads.

THE OFFICIAL FIGURES

Eleven Concerns said to Control One-Third of Total Coal Acreage of The United States.

Washington, May 22.—Of the entire coal output of the United States in 1909, the last census year, nearly one-half was mined by operators known to be closely affiliated with railroads or industrial concerns. Producers connected with railroads mined more than one-fourth of the total coal production and more than three-fourths of the total production of anthracite. The coal mining subsidiaries of iron and steel companies produced about one-tenth of the total tonnage, and those of other industrial concerns nearly as much.

These are the official figures of the census office compiled for the thirteenth decennial census of the United States.

Eleven concerns, each of which reported 100,000 acres and more of anthracite holding's together held nearly 2,700,000 acres, or almost more than one-third of the total acreage in the United States; 150 operators each reporting over 10,000 acres, together hold 5,600,000 acres, or two-thirds of the total.

Pennsylvania still holds pre-eminance as the coal state, having all the anthracite and the lion's share of all bituminous coal in the United States.

The total production of coal in the census year was 460,00,000 tons, 81,-000,000 anthracite and 379,000,000 bituminous. The total value of all products of the industry was $577,-143,000, and the net expenses, $530,-359,000, of which four-fifths was for wages and salaries.

The census reports hsow a marked degree of control by large producing organizations. In the anthracite industry nine mines each having a value of product not exceeding $5,-000,000, together reported nearly three-fourths of the total value of anthracite.

PRESBYTERIAN ASSEMBLIES.

Adoption of Report of Special Committee Practically Without Change.

Atlanta, Ga., May 22.—With several slight changes in phraseology, the "brief statement of belief,' complied by a special committee, was adopted Tuesday afternoon by the Southern Presbyterian Assembly. The adoption of the report came after an all-day session by a vote of 119 to 64.

After almost two days of spirited discussion, the Northern Presbyterian Assembly Tuesday afternoon voted to refer the entire negotiations with the Union Theological Seminary, of New York, to a special committee. Seven members of the committee, to be appointed by the moderator, wil mke a final report to the 1914 general assembly.

By a unanimous vote the General Assembly of the United Presbyterian Church late Tuesday adopted a resolution intended to debar from schools supported by government all denominational badges or uniforms. This resolution is to be presented to the President of the United States.

The United Presbyterians decided to meet next year at New Castle, Pa.

Dr. John Lee Allison, a Presbyterian commissioner, of Alxandria, Va., preached at St. Luke's Methodist at 11 a. m., Sunday from Gen. 2:7, emphasizing the value of the soul by demonstrating that man is a living soul.

INSURANCE MEN HERE.

House-to-House Inspection of City Made Today.

A house-to-house inspection of the City of Alexandria is being made today by forty members of the Virginia Fire Preventive Association composed of fire insurance agents from all sections of the State who have no other object than the arousing of public sentiment toward the elimination of fire traps and the reduction of waste from fires. The members of the association met this morning in the rooms of the Chamber of Commerce where a business session was held. P. W. R. Jones, of Richmond, presided.

Tonight at 8 o'clock in the Young People's Building a public meeting will be held under the auspices of the Chamber of Commerce and the Retail Merchants Association when the object of the insurance men will be explained. J .M. Waller, of Richmond, will preside and the principal speech will be made by A. H. Harris, of Richmond. At the conclusion of the meeting the insurance men will be entertained at a buffet luncheon in the rooms of the Chamber of Commerce.

WANT HARMLESS FOURTH.

"Silent Firecrackers" to be Badge of Those Favoring Sane Observance.

The movement for a sane celebration of Independence Day is gradually spreading over the country. As an evidence that the crusade aganst dangerous explosives on that day is becoming popular, manufacturers are making buttons which will be worn by people who believe the Fourth of July and Christmas can be observed in an orderly and sane manner. A "silent firecracker" is the pendant of the badge. The latter bear sthe vignette of "Uncle Sam," whose bust is surrounded by dumb crackers, which resemble in form the ear-splitting devices sometimes used to add terror to the unxious and nervous.

Samples of such badges have been received by J. T. Preston, Secretary of the Chamber of Commerce of this city.

The laws of the state of Virginia provide penalties for the discharge of cannoncreckers in the commonwealth, and the city ordinances forbid all explosives within its juridiction. Former Mayor Paff made some progress towards minimizing this useless adjunct to the celebration of the anniversary of the birth of the Saviour as well as that of the nation, and Mayor Fisher since he has been in office has manifested his purpose to work towards the elimination of the dangerous and annoying custom of making fusilades the most prominent features of occasions which should be observed on lines of common sense.

Report Barred From Mails.

Philadelphia, May 22.—Members of the Protestant Episcopal diocese, who planned to have 10,000 copies of the report of the Philadelphia vice commisison distributed, have been denounced by Chief Postal Inspector James Cortelyou.

Cortelyou was surprised when he the vice investigations as unfit for public print and for distribution through the mails.

Cortelyou was urprised when he learned that the ministers planned a distribution of the report through the mails. He said:

"I have read the vice commission's report and shall certainly nip in the bud any attempt that Bishop Rhinelander or any one else might make to send it through the mails. Not a copy will ever leave this postoffice."

LUNG POWER IN PULPIT.

Advice to Itinerants—Tight Collar and Poor Sermon.

Baltimore, Md., May 22.—A lesson in "lung power" was given to the members of the Itinerants' Club yesterday afternoon at its second day's session in First Methodist Episcopal Church by Rev. Dr. Isaac J. Lansing, of Ridgewood, N. J., who said that a tight collar or an incorrect position on the fet may cause a poro sermon and apathetic congregation.

J. S. E. Hitchcock general Wells-Fargo express agent at Pittsburgh, Pa., committed suicide by shooting Tuesday night.

B. SANDERS WALKER DIES FROM POISON

Curious Throng Besieges House of Unfortunate Macon Banker.

END IS WITHOUT PAIN.

Dying Man Exchanges Pleasantries With Doctors as His Death is Seen to be Inevitable.

Macon, Ga., May 22.—Friends of B. Sanders Walker, anxious to see the wealthy young broker before his fight against the inevitable ended, flanked by a large crowd of the morbidly curious, gathered in such numbers today at the Walker home that the police detail had the utmost difficulty in keeping order, and restraining them from gaining entrance.

Even as the young man was breathing his last, early today, scores stood at the door. Walker's physicians, however, forbade their admission, and the young man passed away with none but relatives at his bedside.

Last Thursday the young banker awoke with a headache and took a bichloride of mercury tablet by mistake for an inspiring tablet. The mistake was not noted until Walker developed the familiar symptoms of mercurial poisoning, an dthen it was too late for physicians to stop the deadly drug from paralyzing his kidneys and destroying his tissues.

Walker never lost his iron nerve; he never feared the death that his physicians were certain could not be fought off. He kept track of the baseball scores; he urged friends to visit at his bedside, and until yesterday was confident of cheating the Grim Destroyer.

His last utterance indicated how calmly he faced the inevitable:

"If I'm dying, then the sensation isn't anything like it has been pictured. Nobody need fear death if it comes this way."

THE UNDERWOOD BILL.

Wheat, Cattle, And Other Meat Animals to be Clear of Duty.

Washington, May 22.—The Senate Democrats it is reported will make important changes in the Underwood bill, putting on the free list, wheat, oats, cattle and other meat animals. These changes will equalize the provisions already in the bill for free flour, free rolled oats, and oat products, and free meats.

Reports that the subcommittee in charge of these schedules had finally determined on these changes are denied, but it is stated by Senator John Sharp Williams, that in these cases the raw materials and the product will be treated alike.

While many Senators on the Democratic side would like to put a duty on the product, the indications now strongly favor equalization by the process of putting the raw materials on the free list.

The House and the President stand ready to accept such additions to the fre list. But they would probably stand stubbornly against putting the raw materials on the dutiable list.

Chairman Underwood, of the Ways and Means Committee, says there will be no difficulty in agreeing with the Senate on amendments free listing the raw material. But if the Senate increases rates, that will be different an dthe House will doubtless oppose such increases.

Senator Owen's announcement that he will urge a cloture rule to limit debate and prevent dilatory tactics is regarded as having a direct bearing on the efforts of the Democrats to hurry the tariff bill and prevent delay on the part of the Republicans. Senator Owen says he will urge the rule. However, there is no prospect that the Senate will violate its old transition and put a limit on debate

MAY FESTIVAL.

Nothing is more attractive or popular than a portrayal of the manners and custms of old Japan. For that reason the fan drill to be given by eight misses, dressed as Japanese maids "jus tfrom school," will be one of the principal numbers at the May festival to be held in the Parish Hall of Christ Church tomorrow evening. The costumes to be worn are handsome, and the winsomeness of the "little maids" add to the charm of the drill.

VISITORS' MEETING.

Judge J. K. M. Norton Present—Appropriates $10,000 to Build Home For Dean Page.

Charlottesville, Va., May 22.—The Board of Visitors of the University of Virginia spent yesterday all day at a meeting in the president's office, importance to the University were considered. The members of the Board who were present were Armistead C. Gordon, of Staunton, rector of the University; Congressman H. D. Flood, of Appomattox; Judge J. K. M. Norton, of Alexandria; R. Tait Irvine, of Big Stone, Gap; William H. White, of Richmond; Dr. W. F. Drewery, of Petersburg; George R. B. Mcchie, of Charlottesville; John W. Cracklock, of Lynchburg; William T. Oliver, of Fairfax; R. C. Stearnes, of Richomnd, and Dean J. M. Page, who is acting president in the absence of President Alderman, and the bursar, E. I. Carruthers.

Two of the announcements have very great historical interest. One of them is the acceptance of an invitation to have the university to become a member of the Monticello Graveyard Association. The board will authorize the payment of a sum of money, to be determined as the share the University should pay, and President Alderman was chosen to be the representative of the University in this association.

The other point of special interest was the acceptance by the board of a gift from Jefferson's own library, made by Mrs. Martha Jefferson Trist Burke, of Alexandria, a a lineal descendant of the founder of the university. This gift consists of the Bible which was bequeathed to Jefferson by George Wythe, which Jefferson used himself from the time it came into his possession. This Bible is a wonderful old book in appearance, and is inscribed here and there by comments by both its distinguished owners. The gift of Mrs. Burke also includes two testaments from which Jefferson clipped the sayings of Jesus in the preparation of what is known as "Mr. Jefferson's Bible." These reasures have been put into the keeping of the librarian of the University.

INSANE NEGRO ON RAMPAGE.

Captain Dennie Perkinson And Sons Find Him in Their Home.

Petersburg, Va., May 22.—A deaf and umb insane negro, who had escaped from the Central State Hospital just outside the city, created quite a bit of excitmeent, which came near resulting seriousluy for the unfortunate man, in the home of Captain Dennie Perkinson, "Battersea," in the western part o fthe city Tuesday night. Between 11 and 12 o'clock, one of Captain Perkinson' s sons was awakened by the presence of some one in his room. The young man grabbed his gun and asked the negro what he was doing there. The negro made no reply, but grapped with young Perkinson, who fired the gun, the load deflected by the madman grabbin gthe weapon, entering the walls of the room. By this time the family was awake, and Captain Perkinson went to the rescue, but it was not until another of Mr. Perkinson's sons came to the assistance of his father and brother that the negro was subdued. While the negro was vigorously resisting, young Perkinson placed his pistol against his body and pulled the trigger several times, but the weapon failed to fire. The negro was then knocked down with a club and securely tied with a rope. The police were telephoned for and the prisoner was taken to police headquarters, where it was discovered that he was an insane mute who had escaped from the hospital. Captain Perkinson bears many bruises as a result of his experience. The negro gained entrance through the front door which had been left unlocked.

POLICE BOARD MEETING.

J. Edward Shinn Elected Secretary—Special Officer Sworn in For Brewery

The first meeting of the Board of Police Commissioners since August 24 last, and of the new commissioners was held in the Mayor's office last night. All the members were present, as follows: J. Edward Shinn, first ward; Robert E. Knight, second ward; August Oehlert, third ward; Nicholas J. Lawler, fourth ward. All of the foregoing were elected April 22 last, by City Council, with the exception of Commissioner Oehlert, the latter being the only remaining member of the former board. Mayor Fisher presided.

The action of Mayor Fisher in suspending Alpheus Robey, a private watchman with police authority was affirmed. A petition asking for his reinstatement with police authority, signed by a number of merchants, was laid over until the next meeting.

The application of the Robert Portner Brewing Company to have O. J. Nugent appointed as a special watchman at its plant was acted on favorably, and Mr. Nugent qualified at once.

Two applications for positions on the police force were filed with the secretary, and two old applicants asking for the authority of special watchmen for two parties for a firm were held over.

The matter which caused considerable interchange of opinion was the recent law of Council regarding the movement of vehicles in the streets of the city.

A more rigid enforcement of the new street traffic regulations was recommended by the board.

Chief of Police Goods, who attended the meeting, was instructed to take steps looking to the arrest of all violators of these regulations in the future, and he promised to do so. The consensus of opinion among the commissioners was that with a few arrests the provisions of the new ordinance regulating street traffic of vehicles soon would be obeyed by all drivers.

While the matter was before the board the dangers incident to automobiles passing electric tarins after the latter have been stopped and passengers alighting were plainly set forth. The new law has been published in the Gazette, but it seems that its provisions are not being carried out in many cases. The commissioners announced their determination to have the ordinance enforced, and the police will be on the lokout for all violators of the same.

Alexandria Council, Order Fraternal Americans, to Assemble Tonight

The Order Fraternal Americans anticipate a delightful time tonight when their regular weekly meeting will take place in Sarepta Hall. The exercises will be in the nature of anniversary services at which time music and addresses by prominent members of the order and others will be features.

Alexandria Council, No. 5, long since one of Alexandria's most prominent institutions, is a vigorous organization, embracing in ts roster many well-known and representative citizens, and it is one of the foremost branches of the order in the state.

The order of Fraternal Americans made phenomenal progress in the Old Dominion, as it appeals to old and young alike. Sixteen new councils were added last year with an increase of five hundred new members.

A new council was instituted at Bloomfield last Saturday night, and five others in southwestern Virginia are ready for institution.

Alexandria Council will meet at 7 o'clock tonight.

DEATH OF C. R. DAVIS.

C. Randolph Davis, whose serious illness had been announced in the Gazette, died at his residence, 507 Prince street about eight o'clock last night. He is survived by a widow and four children. Mr. Davis became ill a few days ago when pneumonia developed. It was feared from the first that his illness would prove fatal, as the disease showed no relaxation under the best medical treatment.

SERIOUS CHARGE.

Niece of Richmond Man Complainant.

Richmond, May 22.— John Blasina, fifty-three years, old charged with a capital offense by his niece, Maria Blasina, twenty-seven years old, was yesterday held to th grand jury by Justice Crutchfield in Police Court.

The fact that Blasina is alleged to have brought the girl and her sister to this county, and to have endeavored to persuade them to lead a life of shame may bring the United States authorities into the case.

Formal application for bail was made to Justice Crutchfield by Attorney Wendenburg, but was refused. The specific offense alleged was committed during Holy Week this year at Blasina's home on East Clay street.

Louis Slayton, of Saswell county, N. C., is in the city jail at Danville, being held for the authorities of the Tarheel State. The man was arrested several days ago on the charge of having committed an ugly offense against the girl. He will be held pending acquisition.

Accident to a Boy.

Pulaski, Va., May 22.—Otis Gray, aged 14 years, had his sleeve caught by a set crew on a rapidly revolving shaft at the People's Mill yesterday and was hurled around until his clothing was entirely torn from his body, throwing him to the floor. The Bones of his ankles and feet were badly crushed by contact with the ceiling. He was taken to the hospital at Roanoke for treatment.

REV. JOYCE'S CASE REOPENED.

Bishop Denny, Who Presided Over Trial, Has no Comment.

Richmond, Va., May 22.—News has been received here from Roanoke, that at a hearing before a church tribunal, composed of three bishops and five laymen, sitting at Nashville, Tenn., the judgment of the jury of ministers, which eighteen months ago tried Rev. Wm. H. Joyce, on charges of immorality and ordered his expulsion from the church, was reversed, the charge of immorality being reduced to that of indiscretion, and a reopening of the case ordered.

Bishop Collins Denny, who resided over the Baltimore conference at Roanoke, more than a year ago, at which time the charges were heard, says that he had no statement to make in connection with the case, except that the matter had passed out of his hands.

The jury which tried Mr. Joyce, former minister of Trinity Methodist Episcopal Church, of Roanoke, was presided over by Bishop Collins Denny. The charges against the pastor grew out of an alleged improper correspondence with a member of his congregation.

Soon after the decision of the jury Mr. Joyce left Roanoke and since has resided near Baltimore. The case created endless discussion when it developed, and for two months little else was talked of in church circles and among persons who had known Mr. Joyce personally during his three years' stay in Roanoke.

Under the church laws the maximum penalty under a charge of indiscretion is suspension from the pulpit for one year, without effect on church membership. The suspended pastor already has been out of the ministry for eighteen months and it is possible that he will be reinstated as soon as the case is passed on by a new jury of churchmen from the Baltimore conference.

Born in A Market Stall.

Richmond, Va., May 22.—Mrs. Bettie Brown, wife of Charles Brown, a farmer of Halifax, N. C., staggered from a stall in the city market yesterday morning at 1 o'clock with a newborn babe clasped to her breast, and almost fainted in the arms of Patrolman Kuhn, who had just turned the corner. An ambulance was called and the woman was taken to the City Hospital, while physicians said the young mother, while very weak, will recover, and the baby will live.

Couple Sent to Richmond.

Washington, May 22.—Albert Price and his wife who had arrived in Washington on foot from Steubenville, Ohio, en route to Richmond, Va., where a brother of Price resides have been sent to their destination.

Transportation to Richmond and a grant of money were furnished the aged couple by the Red Cross Society who expressed their gratitude. They left yesterday for Richmond, where Price expects to obtain employment as a blacksmith.

Pastor Found Guilty.

Rev. William Lister, pastor of the Centreville charge West Virginia Conference, Methodist Episcopal Church, near Middlebourne, W. Va., has been found guilty by a committee of eight ministers of imprudent conduct and conduct unbecoming a minister and a Christian and suspended until the annual conference meets in Buckannon in October. It was proved to the stisfaction of the committee that the clergyman had been making unbecoming remarks and accusations against certain persons that he could not substantiate. He confessed to the charges, but declared he meant no harm. He is about 50 years old and says he is without means of supporting his family until the conference in October takes final action.

WEDS GIRL WITNESS.

John Moore Garrison Claims Pretty Mississippi Girl as Bride.

Roanoke, Va., May 12.—A little more than a week after pretty Mary Lucille Dennis so swayed the jury trying her brother, Lewis, for the killing of E. D. Watson, with her story of how Watson had conducted himself and they freed the prisoner, she appeared before Justice John Piazza, in Vicksburg, Miss., and was married.

John Moore Garrison, who is reported to be a member of a Roanoke family, is the bridegroom. He is employed by the United States government in Vicksburg.

The bride, who is 17 years old and very attractive, was noted as the chief witness in the case that was tried in Yazoo, Miss., several days ago, when her brother was acquitted of murder. She told of how she eloped with Watson and returned to her home after she learned that he did not love her.

CREDIT MEN IN SESSION.

Fell From Smokestack.

Coatesville, Pa., May 22.—Falling 125 feet inside a smokestack, which they were building William Thomas and Clarence Lowry, riggers, employed by the Coatesville Boiler Works, escaped with their lives. Thomas sustained contusions of the scalp and a compound fracture of the right leg, and Lowry several scalp wounds. Both men are in a critical condition from shock.

The falling of what is known as the "gin" pole released the scafold on which the two men stood at the top of the stack. When taken out at the base the men were unconscious.

Representative Sisson had announced in the House, a few days ago that he would speak again on the Japanese controversy on Friday. President Wilson was determined to prevent such an occurence if possible. He summoned Sisson to the White House and asked him to make no direct reference to the Japanese negotiations in any speech that he might deliver in the near future. The President made it known that he and not Mr. Sisson would have to assume the responsibility for any inflammatory speech the representative might deliver at this time. Sisson, after the President had descibed to him in confidence the friendiness evinced by the Japanese in the interchange thus far, consented to include in his speech complimentary references to Japan for the spirit in which it has entered the negotiations.

REFUGE FOR DISCONTENTED.

The carrying of any flags ,other than the national of state emblems or the flags of friendly nations and their dependencies in any parade in Massachusetts is prohibited in a bill which has received the approval of Governor Foss.

The measure further provides that no sign bearing an inscription opposed to organized government or which is sacriligious or derogatory to public morals shall be carried in parades.

Robert Perks, for eighteen years a member of the British Parliament, and connected with one of the largest engineering firms in the world, said in New York recently that the idea of liberty in the United States is a gigantic hoax. He predicted a great revolution in this country in which class will be arrayed against class in the comparatively near future.

"The idea of liberty in this country is a farce," said Sir Robert. "The idea of greeting visitors and intended settlers in this country with a statue of Liberty in the harbor is a joke. While there is perhaps no class distinction, there is plenty of class hatred.

"Social conditions are more backward in the eastern part of the United States than in any country I have ever visited. Christianity is in name only. The organist and choirmaster are more important than the clergyman.

"Either the people will return to the elementary forms of Christianity, as lately seen in China, or there will follow a revolt which will overthrow the whole present social complexion. The only salvation lies in the west, which is the great producer, while the East consumes all."

The growth of anarchy in the United States is a much greater menace than the yellow race now struggling for equal rights in the world. A few years ago this Jacobin element was too small to be considered seriously, but the fact that a large percentage of the rising generation have inherited principles at variance with society and governments of all complexions is a condition of affairs to cause many who are watching the signs of the times to entertain apprehension.

While the forecast of Mr. Perks may be extravagant, the fact remains that a certain disorderly element does appear in the streets of cities with red flags, and in some instances, have fixed upon public buildings.

The United States is regarded as an asylum for the oppressed of all nations. Unfrotunate of late, it has become the refuge of the discontented of the world who are averse to all governments.

SHOOTS LION AS IT CROUCHES.

Trainer Has Thrilling Moment When Attacked at Rehearsal.

Altoona, Pa., May 22.—Her own coolness together with the promptness of her employer, saved the life of Mlle. Florence, female animal trainer with a carnival company showing here, when she was attacked by a large African lion in the iron-bound arena yesterday.

The woman had gone into the cage to rehearse the beast, which had been acting strangely several days, taking away the smoothness of the performance, and it was necessary to use the lash on him frequently, stooping to pick up the riding whip she used, the lion sprang upon her, bearing her to the floor. Realizing that sharp fangs would sink into her flesh if she made the slightest movement, she closed her eyes and made her body rigid.

The scream of surprise as she was struck down was heard by Colonel Ferari in the office across the tent. Seizing an automatic pistol he rushed to the cage, jerked open the door and fired five bullets into the lion as it crouched over the prostrate form of the trainer. It rolled over dead with its claws still entangled in Mlle Florence's dress, which was torn to tatters. Her body was slightly scratched. The animal was worth $2,000.

ENJOINS FISH COMMISSION.

Fredericksburg, Va., May 22.—In the absence of Circuit Judge . H. L. Chichester, who is holding court in Hanover, Judge J. T. Goolrick, of the Corporation Court, granted an injunction Wednesday restraining State Commissioner of Fisheries Captain W. McDonald Lee, and Martin L. Price, King George commissioners, from further destruction to certain nets set in the Potomac river by citizens of King George county. Papers were also served on the above officers by United States Commissioner Charles D. Foster, charging them with the unlawful arest of a fisherman on United States waters.

Full particulars are not shown, but it is generally conceded that the officers acted within their authority.

Wararnts were served Monday on M. L. Price, oyster inspector, of King Georce county, Va., and Captain O. W. Hudson, of police steamer Phillips, by a band of net fishermen who have resolved to contest the constitutionality of concurrent fish and oyster aw passed by the last session of the legislature of Maryland and Virginia.

The nets of a number of Virginia fishermen in the Potomac river who had refused to pay the license, were ordered by the commisisoner of fisheries to be taken up and held for license and fined in accordance with the statute. Ten such nets were removed Monday and stored at this place. No wthe fishermen are bringing an action of trespass against the officers under the advice of their counsel, W. D. Carter, of Fredericksburg.

A somewhat similar case, in which a net was ordered b ythe State commission to be taken up in Nansemond county, was last week tried on a warrant for damages against the inspector. The Judge at Suffolk, threw the case out of court.

THE STYLES.

You know I just can't help but think
The clothes the women wear
Are pretty good to look upon, I don't
the least bit care
What styles the fashion journals have
adopted as the rage,
I think their taste is perfect and
their counsel wise and sage.

From hoop-skirt down to hobble is a
most surprising range,
From bonnet to the picture-hat is
quite a startling change,
Sometimes the waist-line's very high
and sometimes it is low,
Some seasons girls may get right
stout, and other times not so.

No matter what the style may be,
they all look good to me,
And I just like to look around their
pretty frocks to see,
I sometimes half suspect that I
don't like the gowns so well
As the women-folks who wear them
and who look so mighty swell.

The man who gets out the wrong side of the bed in the morning has frequently hung his hat on the chandelier and climbed in over the head-board the night before.

Twinkle, twinkle, little star,
Oft I wonder why you are
Satisfied to stay so high
In the great and lonely sky,
When you might be down with us
In this human stir and fuss,
Where, tho' grief and woe abound,
It's kind of nice to stick around.

The digestive organs perform the same functions in the human body as the plumbing does for the house, and they should be kept in first-class condition all the time. NEWS OF THE DAY.

David E. Gelin, of Boston, seeks a divorce from his wife, Grace. David's complaints are legion. Although David did all the house work and swept on the floor, he was obliged to wash the dishes, and to keep him out of mischief his wife on one occasion locked him in the house. When he attempted to escape by lowering himself from a window, she dropped a heavy glass pitcher on his head In addition to his multitudinous duties as "maid of all work," and "nurse girl," David was the family provider, and religiously turned over to his wife every cent of his $20 a week, for which he was obliged to work Sunday and holidays.

Miss Frances Scoville, the Kansas girl who is to be married to Walter Mumm on June 2, has arrived in London from Paris, where she has been purchasing her trosseau, which is said to be one of the most wonderful collections of gowns and lingerie ever gotten together. Miss Scoville's gowns number one hundred, while she has 50 of everything requisite to a bride's outfit. It is said her trosseau is valued at $25,000.

Lieut. Samuel H. Brerton, United States military pilot, and J. D. Cooper, instructor at an aviation school at San Diego, Cal., had a remarkable escape from death yesterday when the hydroaeroplane in which they were flying over San Diego Bay became unmanageable and plunged from a height of 150 feet to the water.

Paul Patton, son of Rev. Dr. Francis L. Patton, formerly president of Princeton University, who resigned three weeks ago as president of the Princeton Theological Seminary, has it is said, become a communicant of the Roman Catholic Church.

Trial marriages are not to be countenanced by the United States government, and the marriage license bureau will not issue marriage license certificates on similar pleas. This was shown yesterday afternoon when, after Lazzlo Kopik, had taken out a marriage license application in New York, he balked on marrying the young woman unless he was given a "month's trial."

The Japanese parliament has appropriated 1,200,000 yen (about $600,000) for the proper representation of Japan at the San Francisco fair to celebrate the opening of the Panama canal.

Adrian Palmer, 9 years old, son of Mrs. Mary Palmer, of New York, N. Y., is dead at the city hospital after suffering from hpdrophobia, as the result of a cat scratch.

An order staying the mandate in the contempt case of labor leaders Gompers, Mitchell and Morison, who are to take an appeal to the United States Supreme Court, was signed yesterday by the Court of Appeals.

Peter Bradovitch, an insane Austrian, confined in the Southern Idaho insane asylum, at Blackfoot, killed his 5 roommates yesterday morning by beating them on the head with a table as they slept.

The will of William Hogue, who last week killed his wife, his daughter, Mrs. Guy Wilson and himself, was opened yesterday at Sparta, Wis. Mrs. Wilson is cut off with $1 by the will, while the rest of the estate, worth $20,000, is given Mrs. Grace Phillips, another daughter. A son, Dr. R. R. Hogue, of North Dakota, is also given but $1.

Two persons were killed and two men probably fatally injured when a caboose on a freight train on a narrow gauge railroad from Sewell to Cliff Top, in Fayette County, W. Va., was swept over a mountain side 600 feet and was buried under a land slide. The accident occurred 4 miles from Sewell at 5 o'clock yesterday afternoon. All those in the caboose at the time were either killed outright or seriously injured. Many had walked ahead where they were cleaning the track, and but for this the death list would have been much greater.

While the directors of the Havre de Grace, Md., Banking and Trust Co., yesterday morning impatiently waited in the board room of the institution for the president and chairmen of the board, Isaac Hecht, to open the directors' meeting, the dead body of Mr. Hecht was hanging suspended from one of the rafters in the garage of the Havere de Grace Taxicab Co. It is said by his friends and the members of his family that Mr. Hecht had been in ill health for some time past and it is thought that this is the cause of his act.

A number of persons were injured yesterday at Lancaster, Pa., when the big tent of the Buffalo Bill-Pawnee Bill show was blown down during a thunder storm. The accident occurred shortly after the show opened and a panic ensued as the many poles, ropes, and canvas fell, burying the audience. That none were seriously injured or killed was in the nature of a miracle, as several broncho busters and ropers were performing in the big tent when it collapsed. A considerable amount of wearing apparel, hats, and valuable articles were lost during the scramble to get from under the canvas.

Studebaker

"The wagon that stands up like the reputation of its makers"

When you buy a *Studebaker* wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first *Studebaker* wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A *Studebaker* wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a *Studebaker* vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.

Reduce the Cost of Doing Business

The only time a telephone is expensive is when you haven't one. The money which you lose through lack of business system adds more to the cost of doing business than your actual expenses.

The instances where a telephone has saved in one day more than its cost for several years are as numerous as they are familiar. You read of them in the newspapers every day.

The business office without a telephone is like a ship with an important member of the crew missing. How much longer can *you* stand the expense of doing business without a telephone?

ASKS EVERY WOMAN TO MARRY

Former Virginia Wife Sues Second Wife for Alienating His Affections.

New York, May 22.—Justice Giegerich Tuesday afternoon dismissed the action brought by Mrs. Marion Elizabeth Simmonds to recover $25,000 from Mrs. Willie Caldwell Simmons, who is the second wife of Phillip R. Simmons, the son of a London banker and a former member of the Produce Exchange for the alienation of his affections. The judge dismissed the complaint on the ground that Mrs. Simmons had no cause of action.

In dismissing the complaint the judge said:

"There is no evidence here from which the conclusion may be drawn that Mrs. Caldwell pursued Mr. Simmons, nor is there even a suspicion that she had improper relations with him before his first wife, the plaintiff here, divorced him."

Mrs. Simmons, the plaintiff, divorced her husband in Virginia in 1902, but for some reason she alleged that she discovered that her decree was faulty, and although she knew that her former husband was going to marry his present wife she made no objection to it, and all parties seemed very friendly until recently Mrs. Simmons under questioning by her lawyer, told how her husband had come to her home after the divorce and told her that he was considering marrying Mrs. Caldwell and that he had chosen her from a long list of women who were madly in love with him.

"Did he tell you that he was going to marry Mrs. Caldwell? asked he counsel. "No, but he said that he had bright prospects ahead. He was in good spirits and mentioned Mrs. Caldwell very often, but said that he was considering two or three women who were much in dove with him and that he did not know which to take. It seemed to me from his conversation that the one that had the best chance with him was Mrs. Caldwell."

"Did he say anything about Miss Stevenson?" asked the lawyer. Miss Stevenson is the sister of the plaintiff who testified that Simmons had asked her to marry him.

"Yes," was the answer. "He said he thought she had gone crazy."

"Did Mr. Simmons ever tell you that he had asked Miss Stevenson to marry him," asked the lawyer.

"I think he did. Mr. Simmons asked every woman he met to marry him."

FISH IN THE CHESAPEAKE.

Bill to Regulate Fisheries in Navigable Waters to be Presented in Congress.

Washington, May 22.—Representative Charles J. Linthicum of Maryland, intends to incorporate in the bill he is preparing for the federal regulation of fisheries in navigable streams, a provision for the regulation of the use of nets and seins at the mouth of rivers leading to the spawning and breeding grounds of fish. This is intended to meet the situation in the lower Chesapeake Bay, where there are so many nets that the fish have a difficult time passing up to their spawning grounds. Dr. Smith, the new commissioner of Fish and Fisheries, who is furnishing Mr. Linthicum with suggestions in connection with the drafting of the bill, has informed him that this is a very important matter, and that unless something is done to prevent the interference of nets and seins with the fish during the seasons when they run toward their breeding ground in supply of food fish in the Chesapeake will be greatly diminished.

CHURCH TREASURER ACCUSED.

M. K. Smith is Charged With Making Unprofitable Investments.

Harrisburg, Pa., May 22.—The general eldership of the Church of God, in session here, investigated yesterday charges that M. K. Smith, of Findlay, Ohio, had failed to account satisfactorily for investments of the church organization.

It was charged in the meeting that $30,000 had been invested in mining stocks and that there was also another shortage. The committee of investigation reported that the stocks and bonds of mining companies found in the treasurer's hands were worth very little and that certain notes were uncollectable.

The most deadly bomb yet used by the Black Hand in its blackmailing war failed to explode, early yesterday, in the tenement at 185 Chrystie street, N. Y., which houses twenty-four families, because of the heroism of a girl. Seventeen-year-old Mary Gold, on her way to a drug store soon after midnight, saw a bomb in the lower hall. Mary did not hesitate. She gathered up her skirts, took a short run, and leaped as nimbly over the menacing bomb as any athlete could have done. Then she sprinted down the street, got Policeman Bach, sprinted back with him, and, emboldened by his presence, aided him to trample out the burning fuse.

Boy Robbed.

Washington, D. C., May 22.—Detectives are searching for a man, who yesterday, by means of an old "flim-flam" swindle, took $10.50 from a 15-year-old boy, Asel Anderson, who is an employe of Dr. R. O. Sinclair, of Warrenton, Va. A man who looked like a ticket agent, stepped up to young Anderson at the Union Station and asked him to go on an errand.

"It's to get money for me," the man said, "and I'll give you five. But you've got to give me some security." Glad at the chance to pick up $5.00, the boy readily gave his $10.50 to the man, who told him to go to 291 12th street southeast. Of course, at that address, the person who opened the door laughed at the boy. When he returned to the Union Station the man had disappeared.
